Insight

Our car warranty plans are designed to address customer needs by utilizing information from thousands of customer claims. Each level of coverage is specifically tailored into component groups that are proven to meet a wide range of customer expectations. All programs include additional benefits which complement the coverage you select. Most plans also include a Roadside Assistance Membership with a full array of services. In addition, we have also developed a superior rental program. We understand that even a small repair can be a big inconvenience!

Service

We utilize a state-of-the-art call center to ensure that when you need help, we are available. While many companies service multiple types of insurance products, our call center specializes in automotive support. Our staff is dedicated to your needs and the needs of your customers.

Integrity

We have specifically designed every contract to be as clear and concise as possible. Consumers are often frustrated because contracts are filled with gray areas and confusing language. Read our contracts and you can be assured that the coverage selected is the coverage the consumer receives.

Choices

We believe that you should have the choice of selecting the coverage that is right for your clientele. Based on your dealership's needs and the type of vehicles you sell, we offer many levels of coverage. Whether you're just looking for major component coverage or the peace of mind provided by a wide variety of systems coverage can provide, we have a program that will meet your needs.

Security

Our reserve funds are fully insured. This is one of the most important aspects of any product of this type. You can rest assured that your investment in the product is fully insured.
