Our diversified home warranty approach is unique in the marketplace. We work with you to design a hybrid warranty plan from scratch assuring your customers a uniqueness in their home warranty offering. With our actuary history combined with our broad portfolio and base plan designs, we take the guesswork and trepidation out of structuring a home warranty plan that is financially and risk sound. Eliminate financial risk and obstacles that may hinder you from designing a product that is creative enough to appeal to your customers.

Allows for above average commission and renewal compensation!

- **Consult** with your group to customize a home warranty plan that is unique for your customers
- **Create** customer fulfillment materials
- **Use** our risk calculators and history evaluations to ensure a stable and very profitable plan
- **Collect** premiums through our in-house TPA company
- **Assist** in setting up the reinsurance captive entity on your behalf

Manage the Plan

- Provide coverage 24/7 for customers with emergencies
- Allow customers to file claims when and where they want to by utilizing chat, email, web self-help, or calling a toll-free number
- Provide a branded customer self-help website and allow customers to request service when they want

Another scenario would be to totally white-label the home warranty plan

- Work with you to design the home warranty plan
- Create custom customer fulfillment materials
- Build the reinsurance captive
- Collect premiums through our in-house TPA company
